## Features and Benefits

The AK-4400-GP Keyboard Series is a high quality, high reliable Small Footprint Notebook Style Keyboard with an integrated Touchpad.

The integrated Touchpad does not require any maintenance nor does it have mechanical parts with limited life cycles.

New Scissors Balancing Key Technology provides excellent key actuation feeling with soft tactile ergonomic characteristic. Scissors Balancing Technology improves off center key actuation characteristics.

Low profile (20 mm) ideal for rack implementation, kiosk applications and all other space critical applications.

Compatible to many existing cutouts for similar keyboards with trackball.
